4. Enter your contact details into the form and create a password. Fields marked with an asterisk \* are required fields.

**Note:** Everyone who registers needs an email address that hasn't been registered previously in PharmConnect. Clinicians, please use your individual work email, not one used by multiple people.

Enter your ve	rification code
A verification cod	le was sent via email to
@pharm below.	nac.govt.nz. When you receive the code, enter it
Didn't receive	the email?
Sometimes aut	tomated messages get categorized as
spam. Check y	rour spam folder.

6. Enter the verification code emailed to your registered email address to complete registration. Enter the numbers only with no spaces. If you have difficulty logging in, see our <u>troubleshooting guide</u>.

Note: You will be emailed a new code every time you log in.

7. Click to display your PharmConnect home page where you can create an application.

Home My applications	
Welcome to PHARMConnect	
PLEASE USE THE GOOGLE CHROME BROWSER FOR ALL APPLICATIONS. PHARMConnect does not work with Internet Explorer.	te New Application
Always save at the end of each question and section and save before you step away from your device. This prevents any data loss. You can still change any section before you submit	t the application.
Making a Funding Application	
Anyone – a patient, a health professional, or a pharmaceutical supplier – can make a funding application to PHARMAC.	
Guidelines for Pharmaceutical Suppliers	
Guidelines for Clinicians and Consumers	
COVID-19: The availability of clinical advice on funding applications is reduced while New Zealand is responding to the COVID-19 pandemic. This may slow our ability to progress funding applications. Applicants will receive notifications from Application Tracker when there is progress.	
Read more about PHARMAC's response to COVID-19.	

**Note:** You will receive a welcome to PharmConnect email with links to information about how medicines are funded. It also contains a link that you can use to open the PharmConnect login page.
